Superintendent's Report

To the Superintending School Committee and the
Citizens of the Stewartstown School District:

General

The objective of all education is the provision of opportunities for continuous intellectual, physical, spiritual, and social growth on the part of the individual to the end that he may function more capably and more happily as a member of a cooperative democratic society.

Two important elements are included in this statement. One is the thought that the well-rounded growth of an individual is a basic aim of education. This is frequently contrasted with the traditional view of the function of education as the imparting of a body of information, or the mastery of certain specific skills.

The other stresses the social aspects of education determined by the character of the social order in which the individual lives. Our social order should not be lacking in the democratic respect for personality.

Energy, enterprise, and ambition will always be the most compelling factors of individual or social success.

Buildings and Equipment

The buildings are for the most part in quite good condition. The usual summer repairs; oiling floors, replacing glass, varnishing desk tops, reslating blackboards, and cleaning were completed. A new sill was placed under one end of the North Hill School; the Bear Rock School was redecorated inside. The South Hill School was reopened.

Health

The health work in the schools is again being carried on under the direction of Frances J. Varney, the school nurse. The correction of physical defects and the removal of handicaps clears the way for healthy living. Records for the past year show the following corrections: one pair glasses, one tonsillectomy and two children attended Dr. Kerr's clinic. Two pair of glasses are still needed and three more children should have their tonsils removed.

Dental clinics are being held in Colebrook, as usual. The report for last year's clinics is as follows:

Number of children receiving care	101
Number of children receiving complete care	90
Number of children receiving free care	33
Number of children paying full cost	62
Number of children paying part cost	6

Work completed: 92 cleanings, 69 extractions and 304 fillings.

A word of commendation goes to the local chapter of the American Red Cross for their support of our clinic.

In all there were 111 children from the Colebrook Special, 26 from Stewartstown, 14 from Colebrook Town and 9 from Columbia, who had their work done either in the clinic or outside.

Other factors which influence healthy living are habits and home conditions. These present a different problem for each child and are managed as individual cases.

Tuition

There are 48 tuition pupils now in High School, and of this number only 4 are Seniors. With 17 in the eighth grade we look for a still larger high school enrollment this fall. An increased allotment for tuition seems inevitable.

Enrollment and Attendance

The total enrollment is 209. There are: 102 at West Stewartstown, 57 in the rural schools, 27 at Canaan High School, 19 at Colebrook Academy, two at Pittsburg High and two at the Harvey Swell School.

The percentages of attendance were on the whole quite good. The best record was made by the Cedar Brook School, and the poorest by North Hill. Grades 3—4, grades 5—6 and grades 7—8 at West Stewartstown had the best tardiness records with only 10, 10 and 11 respectively. The poorest records were the Hollow with 144 and Cedar Brook with 124.

Notes on the Budget

The School Board's Budget for 1939-40 totals \$17,394.00. The estimated income for the coming year is State Aid \$4,883.39, and Dog Licenses \$20.00, or a total of \$4,903.39. Approval of the budget as submitted would therefore require that \$12,490.61 be raised by taxation.

Last year's total budget, including money appropriated toward the school debt, was \$17,320.00 which less the estimated income means that \$12,391.48 was raised by taxation.

You will note that the school debt has been reduced to \$4200.00.

Teachers

When there several changes in the teaching personnel of the district. Norman Young, a graduate of Keene Normal School, was elected to teach Grades 7 and 8, Everdean Carter, Plymouth Normal School, was selected for grades 5 and 6 and Leone Fissette, also of Plymouth Normal, filled the vacancy in grades 1 and 2 at West Stewartstown. Jessie Tibbetts of Plymouth Normal and Ferne Coffin of Keene Normal were elected to fill the the South Hill and Hollow Schools respectively.

Conclusion

I wish to thank the school board, teachers, parents and friends for their generous support and hearty cooperation in all school activities, during the past year.

We can all take pride in our schools and share in the common purpose to make them better.

Respectfully submitted,

ALBERT P. KNIGHTLY

Superintendent of Schools
